RAND LEISURE 28 - THE OVERNIGHT EQUILIBRIST: With 8,44 meters worth of lush and spacious luxury, Leisure 28 is a top priority among motorboat connoisseurs and those seeking the ultimate marriage between modern Scandinavian design and raw performance. Leisure 28 has become one of the most popular luxury designer boats in its class.

Retail price 220,740 inc vat - Offer price 169,000 inc vat

The distinguished Scandinavian design of the RAND Leisure brings a new kind of day-cruiser to the market. The minimalistic approach and the graceful, yet simple lines define what luxury at the sea is really about.

THE SPORTY AND STYLISH OVERNIGHTER  
RUGGED EXTERIOR AND POWERFUL PERFORMANCE  
EXCEPTIONALLY SPACIOUS COCKPIT

Leisure 28 is designed for social interaction and perfectly fitted for on-the-water leisure. Even for dining with a built-in adjustable table and seating for up to 12 people. The table can be lowered to serve as the base for a relaxing king size sundeck. The rounded edges and wide hull makes it easy to get in and out. The hull has been developed to provide the most stable platform possible to increase the comfort on board. The electric propulsion ensures joyful sails without a loud motor running and the smell of gas while sailing.

Leisure 28 invites everyone onto a platform of relaxation with an excessively well appropriated layout where the large triple aft sun lounge, expandable oversize u-sofa, full kitchen and 2-split door toilet make up the cockpit, and the spacious 2 person luxury cabin make up the lower deck.

Leisure 28 is a showcase of modern luxury at sea, and excels in its wide array of seating options and social space. Leisure 28 offers an overwhelming amount of space aboard, providing maximum comfort and movability to its passengers.

As an integral part of the ultimate luxury provided onboard the RAND Leisures naturally illuminated cabin holds a queen size bed for two persons when staying overnight.

The lightweight construction is fundamental for a boat to achieve superior performance and low consumption of fuel or electricity depending on engine selection. The RAND Leisure consumes significantly less than traditional boats and will be the environmentally friendly choice within the watersport boat-category even if choosing a gasoline engine. We use materials developed from recycled plastics and bio-based hybrids to optimize the environmental impact and create the best possible solution.

The design is uncompromising, in the way that functionality comes first. The beautiful lines and surfaces, the graceful details and the impressive amounts of space, and the freedom to move around. Whether you will do high speed sailing in smooth waters, or ride big waves at the ocean, the RAND Leisure will manoeuvre with a fun and engaging steering while remaining stable and safe.

The dedicated kitchen & bar forms the centre of entertainment and hanging out. Easy to bring cold refreshments and a bite to eat.

The streamlined steering console offers effortlessness and and high usability.

The lightweight construction is fundamental for a boat. The RAND Leisure is highly qualified when speaking of achieving superior performance and low consumption of fuel or electricity depending on engine selection. The RAND Leisure consumes significantly less than traditional boats. It will be the environmentally friendly choice within the watersport boat-category, even if choosing a gasoline engine. We use materials developed from recycled plastics and bio-based hybrids to optimize the environmental impact and create the best possible solution.

Leisure 28 is modern luxury inside but with a tough, protective exterior. The spacious cockpit and its up to 12 passengers are sheltered safely behind the tinted windshield, built around a frame of stainless steel with a practical round grab-rail for safety, and an opening to the spacious foredeck through the practical windshield hatch.
