## Features

Flagship of the range, the Flyer 10 conceals a real live-aboard powerboat behind a dayboat concept. Stylish and sporty, this large outboard powerboat offers greater thrills and four large living spaces, for everyone to enjoy!

2024 Beneteau Flyer 10 complete with 2x Mercury V300 outboard engines. Great specification including joystick control. Lying Eastbourne.

As pleasant to the eye as she is to live aboard, the Flyer 10 has taut lines attractively accentuated by a full-beam windshield with side panes. The driving station allows four people facing the sea to enjoy all the thrills, with two bolster seats beside the console and a double seat on the port side. The cockpit has increased space and modularity, with foot-rest seats as well as an aft bench that folds back in seconds to form a large sunbathing area overlooking the swim platform. A rigid T-top or bimini can be installed to protect this area.

Featuring the smart walkaround concept, the Flyer 10 marries easy movement on board with safety, and with an asymmetric single port walkway, she offers a bigger deck space, with a vast three people sunbathing area, and a unique amount of cabin space.
